TO WHOM IT MAY CONCERN

Re: enable Business Ltd

When we approached enable Business we were a couple who had blended families, several businesses, investment properties and trusts. We had differing opinions and very little clarity about how we would reach our goals. This was quick to change once we had the enable Business team helping us. Mark and Hannah set up systems, worked with our lawyer and found solutions to every problem we could throw at them. They turned what was becoming a very complicated and complex issue into an ordered situation with direction. Their advice is always clear and very decisive.

Admittedly we procrastinated about changing accountants, but we shouldn't have. Mark, Hannah and Carol all have unique qualities to offer and work hard as a team to get you what you want. They are now doing more for us than we realised possible and we have never looked back. Enable Business have held our hand through many situations and we would most definitely recommend them to anyone.

Yours sincerely,

Virginia & Robert Gibson
