Attention Mark Greer (and Carol McGhee)

I thought is appropriate to write and express my sincere thanks for all the hard work you guys have done for us in the last year.

We have a complex structure with three medium sized companies operating separately and a year ago they were in a bit of a mess – in spite of us paying a lot of money to another accounting firm in Auckland.

You took our situation on board, tidied up our many messy areas and generally allowed me to sleep at night. We thank you for carefully explaining the complex issues we faced as a business and for communicating in plain English that we could understand.

Carol has assisted Natalie with our accounting system which is now running smoothly. We now have a clear understanding of our cash flow position at any stage and our break even points.

Your team are great to work with, and when I visited Wellington recently I was even shouted a coffee !!

Mark if you ever need anyone to use as a reference I would be delighted to assist.

Yours faithfully

Noel Johnson
